

Calling All Dog Lovers

A woman found out her dog could hardly hear, so she took it to the Veterinarian. The Vet found that the problem was hair in its ears. He cleaned both ears and the dog could hear fine. The Vet then proceeded to tell the woman that if she wanted to keep this from recurring, she should go to the store and get some "Nair" hair remover and rub it in the dog's ears once a month.

The woman went to the drug store and got some "Nair." At the register the druggist advised her, "If you're going to use this under your arms, don't use deodorant for a few days."

The woman responded, "I'm not using it under my arms."

The druggist then stated, "If you're using it on your legs, don't shave for a couple of days."

The woman rejoined, "I'm not using it on my legs either. If you must know, I'm using it on my schnauzer."

The druggist said, "Stay off your bicycle for a week."
